# BILLING FOR LICENSED RESIDENTIAL FACILITIES

## WE BELIEVE PCS BILLING SHOULD BE SIMPLE...

- \*Authorized Hours Distributed and Allocated Specifically for Each Recipient
- \*Calendar Grid Made Easy for Daily Census Updating
- \*Weekly Approval with a Click of a Button

## AND OUR PARTNERS AGREE...

*“When the reimbursement structure for Assisted Living facilities changed to the NC Tracks system it was easy to foresee that there were going to be problems. I had always done my own billing under the old system, but with tight cash flow, I could not afford any delays with my reimbursements. So for the first time I decided to use an outside company to do my billing. I investigated all the options and selected SembraCare, and I’m glad that I did. With SembraCare, we are getting paid every week, and it has freed up hours of staff time. The billing process has been greatly simplified, and SembraCare has made all the difference.”*

**- John Leandro, President, Southern Healthcare, Inc. & Past President, North Carolina Association of Long Term Care Facilities**

*“SembraCare’s billing system has freed me from the tyranny of NC Tracks & transformed billing for my family care home from a painful chore to a breeze! SembraCare’s customer service is outstanding! Thank you SembraCare!”*

**- Claybon Fields, Jr., Administrator, Fields Foundation**

*“Until SembraCare began our billing in August, the PCS billing process was time consuming, tedious & stressful. As a small Assisted Living Facility operator, our time could be better utilized taking care of residents and adjusting to all the new regulations! Thanks to SembraCare, our billing and reimbursement process is user friendly, stressless & timely! The support staff at SembraCare is incredibly helpful & friendly. SembraCare has lived up to all that I had hoped it would! Highly recommend!!!!*

**-Deborah Katkaveck, Director of Operations, Autumnfield of Belhaven**
